Authorized to work in the US for any employer

Full-time, working student currently attending Winston-Salem State as a junior. Currently working towards getting my foot into the world of software engineering. Diligently developed various skills by taking courses providing experience in Java, Javascript, Python, Unity, and HTML. Passionate about developing my computer programming abilities and actively seek new opportunities that allow for growth.

Education

College Junior: BS in Computer Science

University of North Carolina at Chapel Hill

Winston-Salem State University
